

CONCENTRADO C-4

General degreaser - Concentrated product
1:20 dilution in water

CHARACTERISTICS

Special product of high concentration. Formulated as a degreaser. It is a product of great versatility, suitable for cleaning and degreasing any washable surface, especially those related to the food sector: stoves, ovens, fryers, hoods, walls, floors, machinery, etc. Eliminates fat, oil and all kinds of difficult dirt of organic nature, without difficulty.

HOW TO USE

Not used undiluted. To obtain the desired degreasing, it will dissolve in water at a ratio of 1:20, manually or automatically (1 part product to 20 parts water). Example: 250 ml (1 cup) of product, for 5 liters of ready to use cleaner.

Once the dilution and degreaser achieved, will be used in the usual way: Spray on the surface to be cleaned, letting act for a few seconds, then rinse with water. It can be used, either pure or dissolved in water in proportions that vary with the degree of dirt.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Brown
Odour	Odourless
pH (10%)	13
Density (20°C)	1100 kg/m ³ .
Water solubility	Soluble in water

PRESENTATION

Containers of 250 ml, 1.5 and 5 litres

PRECAUTION

Hazard statements: Acute Tox. 4: H302 - Harmful if swallowed. Skin Corr. 1A: H314 – Causes severe skin burns and eye damage.

Precautionary statements: P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. P304+P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501: Dispose of contents and / or containers in accordance with regulations on hazardous waste or packaging and packaging waste respectively. Do not ingest. Keep out of the reach of children. In case of accident, consult to the Medical Service of Toxicological Information Tel. 0034 915 620 420.

Substances that contribute to the classification: 2-butoxyethanol; Potassium hydroxide; D-Glucopyranose, oligomers, decyl octyl glycosides; Amines, C12-14 (even numbered)-alkyldimethyl, n-oxides.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
